# ABOUT ACH

**ADVANCING  
BOLD POLICY FOR  
HEALTH CENTERS**

ACH is pushing harder for policies and practices to improve health outcomes for patients and ensure the Health Center Program can thrive.

Our policy priorities include protecting the 340B Drug Pricing Program for health centers; enacting policies that support a strong, resilient health center workforce; securing sustainable federal health center funding; creating infrastructure for value-based care; achieving greater health equity; safeguarding health center infrastructure; and enabling innovations to improve health outcomes.

Advocates for Community Health (ACH) represents the largest health centers in the nation, each of whom have budgets of over \$30 million, employ at least 300 full-time employees, and serve a minimum of 40,000 patients annually.

ACH leads sophisticated and impactful advocacy to drive support, secure resources and advance policy in support of member-driven policy priorities representing the needs of forward-thinking, innovative health centers and the communities they serve.

**2021**

Launched by health center leaders to fill a policy gap

# BECOME A CORPORATE MEMBER

ACH places the needs of health centers at the forefront of our work, and with support from other like-minded organizations, ACH is able to expand our reach and impact.

Our Corporate Membership is valued at \$30,000 per year and offers businesses aligned with ACH policy priorities the ability to invest in meaningful advocacy. Our list of corporate members is small by design; limited to foster close relationships and drive impact. We also offer the opportunity to expand the base Corporate Membership into a larger, customizable partnership.
