

Dangerous Financial Threats to America's Largest Primary Care System

Multiple federal decisions are converging to create an unprecedented financial crisis for community health centers serving nearly 34 million patients nationwide.

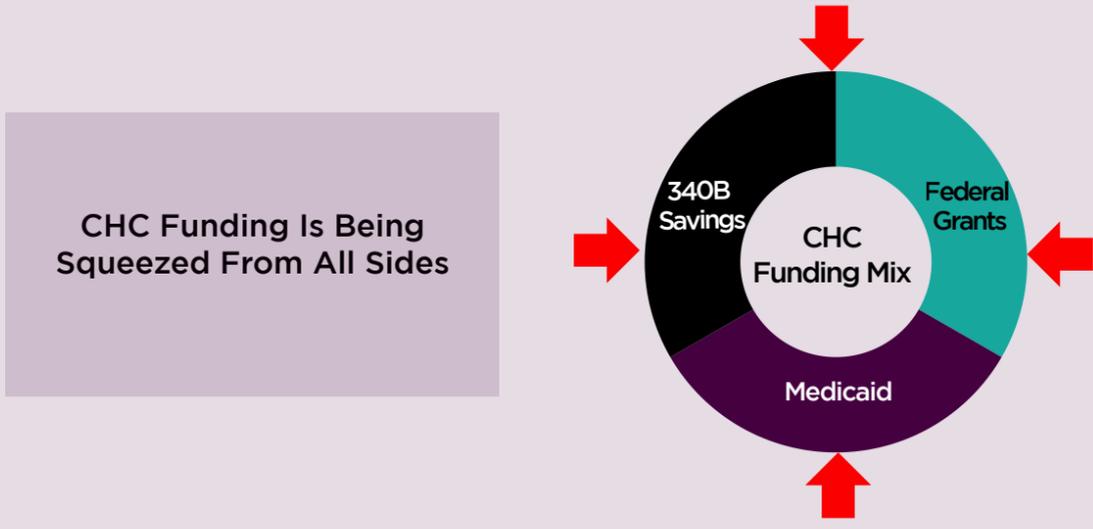

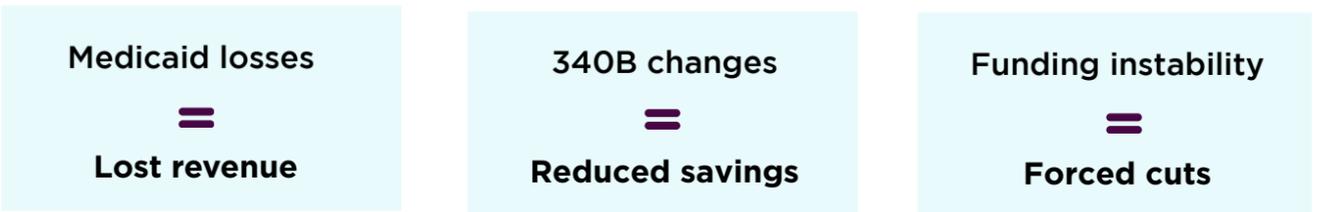

COMMUNITY HEALTH CENTERS ARE AT A TIPPING POINT

After years of growth, CHCs began to lose money in 2024. Community Health Centers are experiencing:

IMMEDIATE FINANCIAL IMPACT ON HEALTH CENTERS

COSTS DON'T DISAPPEAR - THEY SHIFT

LONG-TERM SYSTEMWIDE CONSEQUENCES

CONGRESS MUST ACT NOW

Increase and stabilize Community Health Center funding to protect access to primary care for 34 million Americans.
